### **British Steel – UK structural sections price increase**

Dear Customer,

Due to the further surge in Raw Materials and to increasing pressures on availability, I am writing to inform you that British Steel will be raising transaction prices for structural sections by £100 per tonne for all new orders with immediate effect.

This increase is in addition to the announcement of 5<sup>th</sup> May, and to all previous announcements.

If you have any questions concerning this announcement, please do not hesitate to contact me or the usual member of your account management team.

Yours sincerely,

Ben Cunliffe  
Commercial Director, Construction
